The Opinion of the Caucasian and the opinion of Others which we Can Endorse on the Various Topics of the Day.

A GREAT MISTAKE.

There is now no hope for a Railroad Commission till the next Legislature meets. Many of those who contributed to the failure of such a measure this time have misrepresented their constituents. Now since the bill has been killed we will not discuss its merits or demerits. As to whether the bill was perfect or imperfect, wise or unwise, just or unjust, operative or inoperative, has nothing to do with the principles involved. The people demand a commission and the Legislature has disobeyed the order. We don't mean to say that the Legislature should vote against its judgement and conscience for a measure in obedience to apopular demand, but we do say that if this bill was imperfect that it was purposely so drawn or purposely allowed to so remain after being drawn to insure its defeat. The people demanded the trial of some regulating law and they should have had it. On the other hand, if the bill had become a law and proved to be a success—secured results satisfactory to the public and at the same time not crippled the growth or jeopardized the legitimate prosperity of the Roads, then the members of the Legislature had made a great mistake. If the bill had become a law and proved to be inoperative and a failure, from any cause, then the next Legislature would have removed it from the statute books. The people would have been satisfied with the trial and the corporations would have been left in peace. Then both the railroads and the Legislature have made a mistake.

But talking and writng will do no good at present for the bill is defeated; however, when we come to ask "Why it was defeated?" we strike an intricate, delicate and unpleasant question. It is well known that when the Legislature met, a majority of its members and newspapers that now oppose the bill were in favor of it. We don't mean to charge that these members or papers have been influenced by any improper considerations, but we do say that it was very unfortunate for them that they should have found it necessary to change their views just when they did. And we do think they should give the remainder of us the new information and facts which they received to cause their conversion. In fact they will make great mistakes if they fail to give such information to those of us who are in the dark. There are a few who were opposed to the commission when they went to the Legislature and fought it all the way through. Among these we have some personal friends. To them we will say, you have made a great mistake from the beginning and your action in the matter we can not commend.

But still one cause remains by which you can partially redeem yourselves and at the same time show you consistency. You opposition to the commission was based on the ground that it would bear heavily upon the small and young lines, while it would not effect the strong and old lines. Now then tax the old prosperous and wealthylines, which are paying no tax, and let them help the people and new railroads, which are paying tax, to bear the burden of supporting the government. This we understand would bring $100,000 more into the treasury annually.

THE CAUCASIAN is struggling to become a paper of which you will be proud. You wish us much success, of course, but you can do more for us than that. Renew your subscription, and get others to subscribe.

INAUGURATION.

HARRISON TAKES THE OATH AS TWENTY-SECOND PRESIDENT OF THE U. S.

A Big Crowd.--Bad Weather and a Read Address.

[Special to the CAUCASIAN.]

WASHINGTON, D. C.,
March 4th, 1889.

People began to come in yesterday evening and last night, just as they would the evening before a country hanging. Everything and everybody was in a strain. If another Rip Van Winkle had just awaken he would have known that something important was about to happen.

This morning the weather prophets looked around over the darkening sky and shook their heads, full of owlish wisdom, with much foreboding. Yes, they were right, it was going to be a bad day. But nothing like rain could stop the American from seeing the quiet though momentous change of the management of a mighty government pass from the control of one great crystalized gallaxy of ideas to another. The drops of water that trickled from the bunting and flags that decorated Pennsylvania Avenue as the President moved down to the magnificent capital of a powerful nation, might be symbolized as tears of regret, on one side, and tears of joy on the other. Just one minute to 12 o'clock, the time for the 50th Congress to adjourn, President Cleveland, his Cabinet and the Justices of the United States marched into the Senate Chamber, followed by President and Vice-President elect Harrison and Morton, and the committee on arrangements, at the same time the doorkeeper announced: "The President and the President elect of the United States." The galleries arose and applauded. The hands of the clock pointed at 12. Ingalls announced that the 50th Congress was adjourned. Morton ascended to the chair and called the body to order in special session and proceeded to swear in the new Senators, and announced that the body would adjourn to the east steps of the capital, where the inauguration ceremonies would take place. In five minutes Chief Justice Fuller had administered the oath of office and Harrison was reading his Inaugural Address, while out through the mist and rain could be seen thousands of people standing under thousands of umbrellas. The oath of office is as follows:

"I do solemnly swear that I will faithfully execute the office of the President of the United States, and will to the best of my ability uphold, protect and defend, the Constitution of the United States."

The new President commenced his address in the following words:

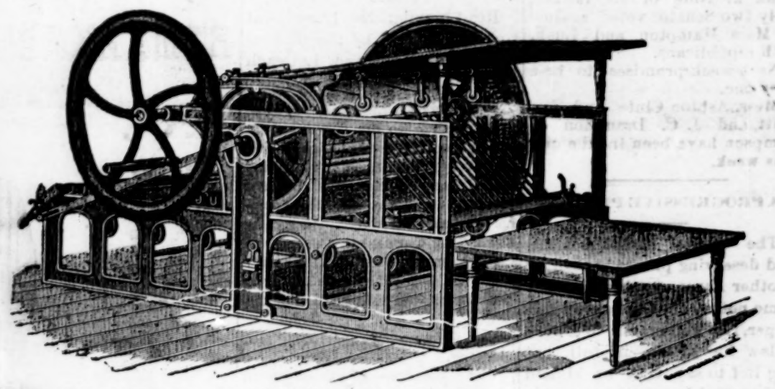
FELLOW CITIZENS:—There is no constitutional or legal requirement that the President shall take the oath of office in the presence of the people, but there is manifest an appropriateness in the public induction to office of the Chief Executive office of the nation, that from the beginning of the government the people, to whose service the official oath consecrates the officer, have been called to witness the solemn ceremonial. The oath, taken in the presence of the people, becomes a mutual covenant. The officer convenants to serve the whole body of the people by a faithful execution of the laws, so that they may be an unfailing defense and security of those who respect and observe them, and that neither wealth, station nor power of combinations shall be able to evade their just penalties, or to wrest them from a beneficent public purpose to serve the ends of cruelty or selfishness. My promise is spoken, yours unspoken, but not less real and solemn, etc.

[The Address is too long for us to give in full, but you will find a short analysis of it on our editorial page.—ED.]

OUR NEW PRINTING PRESS.

BELOW WE GIVE A CUT OF THE FINE NEW CAMPBELL POWER PRESS ON WHICH THE CAUCASIAN IS PRINTED THIS WEEK.

A Large Portion of the Type is Also New, as You Can See.--Do You Like the Improvement in the Paper?--Do You Wish to See Sampson Have One of the Best Papers in the State?



Then rally to its support. Give us 3,000 subscribers and you shall not be ashamed to own that it is your home paper.

Everybody should take some paper, and everybody that is able to stay out of the poor house is able to take a paper. Then is it not the duty of every man to take his home paper first?

In short, if THE CAUCASIAN is worthy of your support, then it is your imperative duty to support it,—Subscribe for it, talk for it, work for it. Do this and we will show our appreciation by working for you.

CLINTON TOO.

(Concord Times.)
Concord Must Do the Same.

Roanoke, Va., has a half column advertisement in the Richmond Rispatch setting forth its many advantages. Roanoke wants to be a city and is pursuing the right plan to attain that end—she is letting the world know what she is. Reidsville business men must let the outside world know something about us if we would keep up with other towns.—Reidsville Weekly.

MRS. CLEVELAND.

Whatever difference of opinion there may be as to President Cleveland's administration, the verdict as to its social side will be unanimous. Mrs. Cleveland has been one of the most charming ladies who has ever presided at the White house. The tact and grace with which she performed her difficult duties are the more remarkable when we remember her youth and inexperience. Her success would have been wonderful in a society woman of maturity and experience, but for a young girl whose social training was confined to the society of a provincial town and a trip abroad it was little less than miraculous.—New York Star.

TRUCKER'S CONVENTION.

What some of our Exchanges say of the Trucker's Association which meets here on the 6 and 7th of April.

The meeting of the Truckers at Clinton in April is of important to every one who is engaged in the business. If concert of action can be had much good is bound to follow, in fact it is absolutely necessary to have a meeting of this character if the best results are to follow this important branch of farming. Some of our citizens, we hope, will attend the call.—Mt. Olve Telegram.

The Truckers of Clinton have held a meeting and organized a Trucker's Association. They suggest the formation of similar associations at other points at which trucking is carried on and the appointment of delegates to a convention to be held in Clinton on April the 6th and 7th to organize a State Trucker's Association.—Nashville Argonant.

TRUSTEES FOR THE UNIVERSITY.

The following named gentlemen have been elected Trustees of the University of North Carolina to fill the places of those whose terms expired on the 30th of last November:

Hon. A. C. Avery, C. M. Cooke, H. C. Jones, Hon. J. J. Davis, Dr. P. L. Murphy, Dr. Eugene Grissom, George H. Thompson, Rev. Neill McKay, Hon. W. L. Steele, Rev. J. L. Stewart, S. McD. Tate, Hon. C. R. Thomas, Rev. W. S. Black, R. A. Doughton, Dr. H. D. Williamson, Rev. J. H. Cordon.

As additional trustees chosen from points convenient to the seat of Government and to the University: R. W. Scott, Hon. T. J. Jarvis, Isaac R. Strayhorn and Major Robert Bingham.

To fill unexpired terms caused by death: R. A. Doughton, Rev. S. H. Cordon, J. S. Curry, Chas. D. McIver and Hon. William Johnson.

LAWYERS.

The Two Classrs of men Who Compose the Profession.

The profession of the law has its special dangers as well as its special opportunities. Looking as they do so continually upon the seamy side of human nature, lawyers are exposed to the peril of becoming suspicious, hard, and cynical—dispositions of mind obviously unfavorable to the Christian life. The loss of faith in men involves the danger of losing faith in God. The habit of distrust grows, if unresisted, upon its victim and affects all of man's relations.

Of the temptations to trickery and sharp practice, of which so much is said in either a severe or facetious strain, the truth is simply this: Dishonest lawyers are worse than other dishonest men in so far as they are, in virtue of their special training, more expert in the use of the methods employed by all persons who are ready to perpetrate a wrong against a neighbor without incurring the penalty of the law. These hangers-on of a noble profession furnish material for the current jibes and jokes at the expense of the whole body. It is as impossible to wholly rid the bar of such men as it would be to exclude from business all dishonest tradesmen, or to suppress the quacks that infest and degrade the medical profession. It ought here to be said, on the other hand, that while the dishonest lawyer is specially endowed and equiped for mischief, an honest Christian lawyer is, because of his special training, the safest guardian and depositary of the rights and interests of his fellow men. He combines good intention with clear perception, which are the conditions of justice and equity. He perceives those fine lines that discriminate right from wrong in difficult cases, and is so able not only to advise what is right to be done, but show that it is right.—Nashville Christian Advocate.

THE GRANDEUR OF OUR PROGRESS.

The steady advancement of North Carolina on all lines of industry for which nature has provided abundant facilities, ought to occasion general rejoicing among her citizens, and stimulate them to renewed efforts. But that old State is so staid and conservative, and has marched onward in such quiet, unostentatious fashion, that it is doubtful whether many of her people, except those officials whose duties keep them well informed, have any idea of the grandeur of her progress, or the almost infinite variety of ways in which it is manifested.

* * * * * * *

While North Carolina has had no "boom" as that word is generally understood in these days, and while her prosperity would be much more rapid if she would pursue the policy inaugurated by Governor Jarvis, and give in New York or some other Northern city a similar exposition of her advantages and natural resources to that made in Boston in 1883, still her people have every reason to be proud of their State and to rejoice in its great prosperity.—Baltimore Manufacturers' Record.

THE PENSION BILL.

The Committee Favorably Report a bill to Raise Over $100,000

Senator Lucas has introduced a bill for a special tax of four cents on the $100 of property and twelve cents on the poll to provide a fund to pension the ex-Confederate Veterans.

The bill provides that pensions shall be paid to every person who has been for twelve months immediately preceding his or her application for pension a bonafide resident of this State, and is incapacitated for manual labor by season of a wound receive while in the discharge of his duty as a soldier or sailor in the service of the State of North Carolina, or of the Confederate States of America, during the war between the States; and to the widow remaining unmarried of any deceased officer, soldier or sailor who has lost his life while a citizen of this State and in the military or naval seryice of the State, or of the Confederate States, during the late war between the States, according to the degree of disability ascertained by the following grade via:

To such as have lost a leg above the knee, or an arm above the elbow, $75.

To such as have lost a foot or leg below the knee, or hand or arm below the elbow, or have a leg or arm rendered utterly useless by reason of a wound or permanent injury, $50.

To such as have received a wound which renders them incompetent to perform manual labor in the ordinary avocations of life, $100.

To such as have lost one eye and to all widows, $25.

This bill was prepared and is recommended by the Joint Committee on Pensions.

Col. W. F. Beasley. Chairman of the Executive Committee of the Confederate Veterans Association has been in town all the week giving his aid and suggestions to the committee and urging the passage of the bill.—State Chronicle.

HOW THEY GOT THE CHILDREN OUT.

To go to school is compulsory in London. The Wilmington Review thus describes how the authorities learn that the children were kept away by parents.

In a school district in London there were many parents who reported no children in their families. In order to find out just how many children were thus being kept from school the school authorities got two monkeys, dressed them gayly, put them in a wagon in which was a brass band, and started through the district. At once crowds of children appeared and followed the wagon, which drove to a neighboring park, when the school officers went among the children distributing caudies and getting their names and addresses. They thus found that over sixty parents kept their children from school, and as a result of the monkeys, the brass band and the candy, about two hundred little boys and girls have been set at study.

100 YEARS IN CONGRESS

CLOSES WITH CLEVELAND'S ADMINISTRATION.

The Longest Session on Record--More Bills Introduced--More Laws Enacted--More Presidential Vetoes Than Ever Before.

A SUMMARY OF WHAT HAS BEEN DONE.

Exactly at 12 o'clock M., Monday, the Fiftieth Congress was no more. This body convened on the first Monday in December, 1887, and continued in session till October 20th, 1888. It convened in second session in December and continued till March 4th, 1889.

BILLS INTRODUCED.

During both sessions there were introduced about 17,000 bills, 2,000 more than in any preceeding Congress. But at least three-fourths of these bills were [illegible] and pension bills, and more than nine-tenths of the whole number failed to pass by that body.

BILLS VETOED.

President Cleveland vetoed 278 of those that did pass; about 250 of which were private pension bills. The most important of the bills of a public nature that were vetoed are as follows: To quiet title of settlers on the Des Moines River lands of Iowa; for the sale of Indian lands in Kansas; for the disposal of the Fort Wallace military reservation in Kansas; authorizing the improvement of Castle Island, Boston Harbor; for the certificates of lands to the State of Kansas for the benefit of agriculture; for the erection of public buildings at Columbus, Ga., Allentown, Pa.; Council Bluffs, and Bar Harbor; for the erection of public buildings at Youngstown, O., and Sioux City, Ia., and the Direct Tax bill.

BILLS PASSED.

The most important bills that have become laws are as follows: For a conference of South and Central American nations in Washington in May next; to divide the great Sioux reservation in Dakota; the Scott Chinese exclusion act; providing for the taking of the eleventh census; to limit the hours of labor of letter-carriers; creating a Department of Agriculture; to establish a Department of Labor; to create Boards of Arbitration for settling strikes; to increase the maximum amount of international money-orders from $50 to $100; providing for an appraiser's warehouse in New York, and providing for deposits of the savings of seamen in the United States Navy; the Omnibus Territorial Admission bill, by which North and South Dakota, Washington and Montana Territories may acquire Statehood. Other Senate bills placed on the statute books are as follows. To incorporate the Niagara Canal Company; to provide for a marine conference; to provide aid to State homes for the support of disabled soldiers; to prohibit the coming of Chinese laborers into the United States; for the appraiser's warehouse in Chicago; to change the time of meeting of the Electoral College; to enable the President to protect the interests of the United States at Panama (a similar measure with reference to Samoa was included in the Naval Appropriation bill); to protect the Alaska seal and salmon fisheries; directing the Secretary of the Interior to investigate the practicability of constructing water-storage reservoirs in the arid region, and appropriating $200,000 to suppress infection in interstate commerce.

Congress also passed bills to pension Mrs. Sheridan, Mrs. Logan, Mrs. Frank A. Blair and to retire Gen. Rosecrans.

BILLS WHICH FAILED TO PASS.

Three hundred and thirty-nine bills which passed the House failed in the Senate or in conference. By far the most notable of these is the Mills Tariff bill.

WHAT OTHER PAPERS ARE SAYING.

A negro attempted to beat his way on the mail train on the Raleigh & Augusta railroad last week. When the conductor called on him for his fare he got frightened and jumped from the train while running at forty miles an hour. He fell on his head and wonderful to say was killed instantly.—Plant.

Mr. Wright Moore, of Craven county, was down to to the fair last week with a full suit of homespun clothes including overcoat. The suit was carded and spun by his wife in six days, and cut and made by her in four days. Is there another such a woman in Eastern Carolina? Lets offer a big premium for the finest home made suit exhibited at our next Fair.—New Berne Journal.

G. W. Jones, of Catawba county, sued the town of Statesville for injuries sustained in falling, while walking, the streets, into an excavation which had been made for a cellar. The accident occurred in Nov. 1884 on occasion of the jollification over Cleveland's election. Damages were claimed to the amount of $5,000. The jury awarded $1,500. The town appeals.—Wil. Presbyterian.

Nash county is preparing to plant at least one third more tobacco than it planted last year. As we planted twenty times as much last year as we did in 1884 and will increase our last year's planting to the amount of 33 per cent, it will be seen that the industry is rapidly extending, and Nash county will soon become one of the largest tobacco growing centres in the world.—Nashville Argonaut.

The story going the rounds of the press that the Methodist Episcopal Church, South, at Clyde was built entirely of the lumber made from one large tree, and that enough was left to build a fence around the same is uncorrect, though the facts are remarkable. The building is 45 feet long, 25 feet wide and 15 feet high, and the weatherboarding, seats and ceiling were taken from one large poplar, while three cuts of the tree were left unused.—Asheville Citizen.

"Montezuma" specials, being vestibule trains provided with all the luxuries of modern railway travel, are now to leave Washington City on Tuesdays and arrive in the city of Mexico on the Saturday following at noon. The journey of nearly 3,000 miles is thus made in a little more than 100 hours and in the greatest possible comfort. The trains are to pass through North Carolina over the Piedmont Air Line. The world moves, and especially this part of it.—News & Observer.

Onslow county comes to the front with an odd law suit. A man has been indicted for kissing another man's wife. The suit is brought by the woman's husband.—Last week at Salisbury two little girls were playing "doctor" and gave eachother pills, each containing 1-20 of a grain of strychnine. Both children died from the effects.—F. M. Hines, colored, Register of Deeds of Edgecombe county, is dead. He was filling his second term. The vacancy will be filled by Mr. J. J. Pittman, who was the democratic nominee. The republican Sheriff could not give bond, and so Edgecombe now has three democratic office-holders.—Two hundred negroes left Raleigh Wednesday for Kansas. They were promised $12.50 a month and board, and the money was advanced them to pay their passage.—State Chronicle.

Col. Jno. A. Pemberton, United States Deputy Marshal of this place, arrested one Dick Harrell, a "blockader" of whiskey near Lumberton last week in the vicinity of the celebrated Henry Berry Lowry tramping ground. Harrell was taken to Lumberton and gave bond for his appearance at court.—Dr. J. W. McNeill received a letter Tuesday from Rev. Mr. Pearson saying that on account of circumstances over which he had no control, it would be impossible for him to get to Fayetteville before the 4th Sunday in April, instead of the 1st Sunday as he at first contemplated. The work of arranging the cotton platform for the meetings progrsses nicely, and will be completed in ample time.—Lige Moore, colored, charged with the murder of Laura Hiatt in Greensboro last fall has been convicted of murder in the first degree.—Fayetteville Observer.

DOUBLE WORK.

WILL ADJOURN THE 11TH OR 18TH INST.

Governor's Mansion to be Sold.--Railroad Commission Killed.--Poll and Property Tax.--Rate of Interest Not Reduced.

CLINTON CEMETERY INCORPORATED.

(Regular Cor. of CAUCASIAN.)

RALEIGH, N. C.,
March 4th, 1889.

As the session of the General Assembly approaches its close the House and Senate are vieing with each other in industry. They hold two sessions a day—even hold night session to-night, (Saturday.) The clerks are worked almost to the limit of endurance. The day of final adjournment has not been fixed, It is impossible to tell at this writing whether it will be the 11th or 18th instant. If the former, as many say it must be, much work more important than a great deal that has been done will be left to die upon the calendars.

The work of the week has not been satisfactory to those in favor of pushing business.

The Senate consumed three days on the Railroad Commission bill and failed to pass it on its second reading by a vote of 23 to 22. Every Senator voted. Fifteen Democrats and all the Depublicans voted against it. The discussion of this measure was the most lengthy for many years in the Senate. Senator Kerr, of Sampson, made two able and eloquent speeches in opposition to the bill. Senators Blair, of Caldwell, Barber, of Wilkes, and Thomas, of Davidson, also spoke on that side. Senators Payne, of Robeson, Turner, of Iredell, Williams, of Pitt, Pou, of Johnson, Lucas, of Hyde, LeGrand, of Richmond, did the principal speaking on its favor. During the discussion the lobbies were full of gentlemen interested on both sides.

The leaders in favor of it say that it is a question that will not down, and that it will be demanded more strongly two years hence than ever. As an item of interest to your readers the discussion developed that the W. & W. Railroad charges $5.00 more on a car load of fertilizers from Wilmington to Clinton than to Fayetteville. The distance to Clinton is 67 miles, to Fayetteville 183 miles. There are competing lines to Fayetteville—none to Clinton. A car load of guano costs $5.00 freight to Clinton from Warsaw, 13 miles. Rocky Mount to Tarboro, eighteen miles, $1.00. On this conclusion I will mention that Senator Payne, has introduced a bill in the Senate against discrimination in freights and unjust passenger rates. I do not know the full purport of it, but it scared the railroad people. At least one railroad attorney was in the clerk's office reading it in an hour after it was introduced, and another copied it that day. If a railroad commission cannot help the people how can it hurt the railroads? it will not hurt the railroads, or lesson their income, why do they oppose it so persistently? These are questions worth the while of of thinking people to consider.

The Senate has passed a bill to sell the Governor's Mansion for not less than $35,000 and devote $15,000 to the purchase of a house for the Governor. It is hanging fire on a motion to reconsider.

The Senate failed to pass the bill to reduce the rate of interest under control to 6 per cent on its third reading.

The bill to appropriate $75,000 a year to the Penitentiary passed the Senate with a slight amendment and goes back to the House for concurrence. Except those on the W. N. C. R. R. and those on Broad Creek Canal Hyde Co., the convicts are to be hired out and their earnings to be coverted into the State treasury, whence the Penitentiary authorities can draw not more than $220,000, including the $75,000, for the support of the institution.

The Senate has passed a bill to appropriate $40,000 to support the D. D. and B. Asylum. This is an increase of $3,000, but there are 57 more pupils than two years ago. I understand the appropriation to the Insane Asylum will be slightly reduced per capita.

The Senate has passed a bill to incorporate the Clinton Cemetery company, and both houses

THE CAUCASIAN.

Entered according to Postal Laws at Clinton, N. C., as second class mail matter.

CLINTON, N. C., — MAR. 7, 1889.

THE CAUCASIAN.

Permit us to say a few words about ourselves. As you all know THE CAUCASIAN came out on the 7th of last June in a new dress printed on a new press as all home print paper. The new press, which we had then bought at an expense of $300, did fairly well for a while, but soon proved to be a failure as you have all seen by the appearance of the paper. And no one has been more painfully aware of the dull print and unsatisfactory appearance of the paper than ourselves, and we have labored unceasingly to compensate for the bad appearance or inferior mechanical execution of the paper by the matter which it contained. But we at last decided that it was impossible to run a first class paper without being prepared to do first class work Some of our friends advised us to go back to the "patent outside" in which case our expenses would be reduced to one half for type setting and, too, we could use a small hand press for the printing. Whether or not this was good advice is yet to be seen. However, it did not coincide with our views. We believe that when a change is made it should be with a view to progress, improvement, and developement.

In addition we believe the people of this section would appreciate a first class, live, all home print paper and show their appreciation in a tangible way. So we determined to buy a new and better-a first class press, and to be sure that we were not cheated again we went to the trouble and expense of going to the factory and buying in person. This we have done and in addition have furnished our office with a quantity of new material, making it a first class office in every respect. The press we have purchased is a large new Campbell Power Press. The Campbell printing Presses have a world wide reputation, and is everywhere known as one of the best presses made. In fact it is the Standard Printing Press.

This improvement has been effected at an enormous expense for a county newspaper, and it is evident to you all that we must have an increased circulation to justify such an outlay. We now have about 1,400 subscribers and must have at least 3,000 to enable us to make the paper what it should be, and what we are determined to make it. Will you not assist us in attaining this end? Show this paper to your neighbor and impress upon him his duty to help support it. Also point out to him the special merits of the paper. Tell him that it gives in a nut shell all the news from other counties that is worth a snap; that it gives the gist of the news from other States, the most important State, and all the news from this—our own section. Show him that it is not made up of clippings from other papers, as most newspapers are, but that it has more original matter each week than nine-tenths of the papers in the State, and that this matter is always of vital importance to the people in this section. That it is a complete family newspaper, and such a paper is as much a necessity to every intelligent, well informed and, progressive citizen as food and clothing.

President Harrison, in his address Monday, said: "An unlawful expedient cannot become a permanent condition of Government." We suppose that this refers to the action of Quay and Wanamaker in raising enormous sums of money for the wholesale buying of votes. Little Bennie seems to understand that if it had not been for this "unlawful expedient" that Grover Cleveland would to-day be President of the United States.

Mr. Mr. Overman, of Wayne, has introduced a bill in the House to make the fee for marriage license fifty cents. The gentleman must have been convinced that marriage is not a failure, and desires to promote its interests by lessening the cost.

OUR OPPORTUNITY.

There is a tide in the affairs of men which taken at its flood leads on to success and prosperity, said, in effect, one of the greatest English authors. But it is the wise man who knows when that time has come. We believe Clinton's time has come, at any rate, let us venture, for otherwise nothing will ever be gained.

The further we go North the more manufacturing establishments we find and the richer are the people. We often delay starting such enterprises down South because we haven't large capital to start a big concern. That is where we make one mistake. The most successful manufacturing establishments, in the majority of cases, start with small capital which soon swells to large capital for a larger business. A small enterprise starts and feels its way along, increasing its business with its increasing experience and profits. It is seldom that such an enterprise fails, while these started on a large scale often do. First, above all things, we need a canning factory. This would give a home market for what we already produce and allow to waste, and at the same time stimulate the production of much more that would not be made. Each farmer in this section could raise and sell from $50 to $1,000 worth of trucking produce in addition to the usual crop that he now makes. How can we expect to succeed unless we use our lands for all they are worth and plant those crops for which they are specially adapted? The South generally is just awakening to the importance of more diversified and economical farming, and at the same time to the necessity of a number of small manufacturing enterprises to create a home market; and in view of our great diversity of climate and soil there is no place in the whole South where such a new order of things would pay better than in North Carolina.

Clinton can and must take the lead in some such enterprise. In fact a movement is already on foot (as you will see in another column) for a canning factory at this place. The subscription books are open. Come up and subscribe as much as you feel able. Do this and the industry will soon take a definite shape.

HARRISON'S INAUGRAL ADDRESS.

The address is a plain, unpretentious document and one which as a whole will hardly be satisfactory to either party. He professes to have no faith in a sectional policy toward the South, places himself squarely in favor of the civil service law, reaffirms the Monroe Doctrine, and indirectly endorses Whitney's manner of managing the Navy Department. This is not so bad as far as it goes, but on the other hand we would infer from his language that he favors supervising the Congressional elections by Federal authority, that he will champeon the grand-daddy- Blair-Education-Bill-idea. He plants himself squarely in favor of a high protective tariff, and thinks that the surplus should be reduced, not by stopping it from coming in, but by spending it as fast as it does come in. And last but not least his address shows a wonderful amount of ignorance in regard to Southern people, their customs and institutions. All this does not sound so well. Whether he will inform himself on these points and have the manhood to be governed by his sacred oath of office or whether he will, Grant like, be led by the worst element of his party, remains to be seen.

The New Hampshireites are indignant over the report that Joe Blackburn pulled the ear of their Billie Chandler, and that he was too much of a coward to resent it. They say that their little Senator would fight a volcano turned loose. Poor little Billie, you must have changed as much since you left the State as some of the Democratic members of our Legislature have since they left their constituents.

The Republicans in the Legislature caucused against the Railroad Commission bill and voted solidly against its passage.

Let us make THE CAUCASIAN one of the best weeklies in North Carolina. With help it can be so.

100 YEARS IN CONGRESS

[Continued from 1st Page.]

Another very important bill which failed is the Oklahoma bill. Other important measures which failed are as follows: The General Land bill and the General Forfeiture bill; prohibiting the allowance of fee in any claim for increase of pension on account of an increase of the disability for which the pension was allowed; authorizing the issue of fractional silver certificates; to provide for the revocation of the withdrawal of lands made for the benefit of certain railroads; the Fisheries Retaliation bill recommended by the President; declaring the sense of the United States with respect to foreign control of the Panama Canal; the Blair Educational bill; the Dependent Pension bill; to obtain prison statistics; for the appointment of an alcoholic liquor commission; to establish a National art commission; to make telegraph companies subject to regulation by the inter-state Commerce Commission, and to retire Gen. Jno. C. Fremont; the Pacific Railroad Funding bill; for the admission of Utah, Idaho, New Mexico and Wyoming Territories; to declare Trusts unlawful; to promote commercial union with Canada and to authorize the President to open negotiations with a view to the annexation of the Dominion; to grant women suffrage; to repeal the Civil-Service law, the internal revenue laws and the tobacco tax; to lay a graduated income tax; for the bounty on sugar; for the free coinage of siver; to repeal Oleomargarine act; the Kinnepin Canal bill. Two important treaties which were rejected were the Canadian Fisheries and the British Extradition convention.

The 51st Congress will be Republican, with a Republican President. Two years from now we will give you a summary of what they do.

OUGHT TO BE TAXED OUT OF EXISTENCE.

THE CAUCASIAN gave as its opinion last week that the tax on all itinerant quacks and peddlers from abroad should be so high as to be prohibitory, and called upon the General Assembly to take such action. That section of the revenue bill has been amended to read as follows:

Every peddler on foot, $10 for every county; with one horse $20; with two or more horses, $30 for each county; every itinerant merchant or or dealer whether as principal or agent who solicits orders by retail, with or without sample, shall be considered a peddler and pay a tax of $25 in each county; every itinerant salesman who shall expose for sale either on the street or in a house rented temporarily for that purpose, goods &c. shall pay a tax of $50 for each county. Provided that this section shall not apply to persons who sell goods of their own manufacture.

This is not sufficient yet. Our people are better off without the visits of these arrant humbugs. The News & Observer in commenting on the above section of the revenue bill, says:

It would seem that a person who solicits orders by the wholesale is not within the scope of this section. That we suppose is because of the decision of the Supreme Court of the United States that drummers cannot be taxed. We mentioned yesterday that itinerant salesmen had to pay a tax of $50 in each county. A more careful reading of the section shows that it applies only to thoe who after a fashion set up a shop temporarily—and they ought to be taxed out of existence.

These are our sentiments exactly. It is poor wisdom, indeed, for us to allow teem to come among us at any price which they can offord to pay. Suppose we tax teem $200 each and they eaco take $600 out of the county, leaving little or nothing in return, then we have made a bad bargain.

POSTSCRIPTS.

Gov. Fowle was 58 years of age last Saturday, March 2d.

Prof. W. G. Simmons, who was for thirty-two years Professor of Mathematics at Wake Forest College, died Sunday, in his 60th year.

The Governor on Monday appointed D. G. Worth, of Wilmington, and S. B. Alexander, of Charlotte, commissioners to represent this State at the Centennial celebration at New York City,

New Berne is to have a public building. Congressman Simmons was fortunate in getting the bill passed in the last moments of the 50th Congress.

A company has been formed in Vicksburg, Miss., with a paid up capital of $100,000, for the manufacture of machines for distributing Paris green and other cotton worm destroyers.—Exchange.

Work on the C. F. & Y. V. R. R. bridge, across Cape Fear river, at Fayetteville, has commenced. Several car loads of granite and machinery arrived last week and the workmen are getting the granite in shape for use.

Every one is complimenting the improvement of THE CAUCASIAN, but we are not yet satisfied. We wish to make it better still.

DOUBLE WORK.

[Continued from 1st Page.]

have passed bills to incorporate the town of Ingold and to change the line between Lisbon and Franklin township. The House has passed a bill to repeal prohibition at Newton Grove.

The Reveue bill has passed the House. It provides 25c on the $100 valuation of property and 75c on the poll. Peddler are taxed as follows: Foot peddlers $10 the county, one horse peddler $20, more than one horse $30. This is a change. One-horse peddler uner the act of 1887 were taxed $100.

The election law has five in the House. What its fate will be cannot be foreseen.

The Senate has passed a bill to relieve the State Treasurer of the loss of the money he had deposited in the State National Bank at time of its failure. Only two Senator voted against it. Mers Hampton and Lusk, both republicans.

Next week promises to be a busy one.

Mess. Asbton Clute and Jas. Britt, and J. C. Draughon of Sampson have been in the city this week.

"A PROGRESSIVE PEOPLE."

The above complimentary and deserving phrase is used by Brother Aaron as a heading for some notes on Clinton in his paper, The Telegram. We give below his article in full, but beg lief to say that he should have staid longer in our pretty little town and seen more of it.

"The writer visited Clinton last week and saw evidences of improvement in every part of the town, and a disposition among the citizens to encourage enterprise of any durable character. Being alive to the situation they are engaging in the cultivation of fruits anp vegetable on a large scale. The "Veneer" works of A. F. Johnson is calculated to do a great deal for the town and country. The work that he is turning out its superior to anything of the kind we have ever seen and the demand for what he makes will be greater than his present capacity. Mr. Johnson says he can sell his ware cheaper than any on the market. By keeping up the standard of his ware his trade is sure to demand an increase in the production at no distant day. Our wide-awake and enterprising friend W. A. Johnson, has two enterprises in hand which he hopes to see develop very soon. The only question with him is whether they can be made to pay, and as soon as he becomes thoroughly satisfied as to the success of the venture will take the final steps in the enterprises. Like any prudent business man he will not go into anything until he is thoroughly acquainted, then you may rest assured that he is the man to go to his full length.

While in Clinton it was our pleasure to call on Capt. C. Patrick, and in this we cosider ourself fortunate, for nothing but the intense cold weather kept him at home. Even the privacy of his home is not secure from the ubiquitous drummer. While we were there a delegation of fertilizer salesmen called on him and took from me the pleasure of part of the visit. Capt. Partrick is engaged in various and sundry undertakings and has the peculiar faculty of being a success at all of them. What interested me most was his fruit farm. He has several acres in strawberries, pears, peaches, apples, asparagus, peas, beans etc. Besides this he has fine horses, poultry, hogs and cattle, a steam mill, plaining mill, gin, distillery and store besides other small industries that space forbids to name Such a man as Capt. Partrick is of untold value to any town, and the citizens of Clinton appreciate his energy and sterling worth. Should this meet the eye of any who visit that live town it will pay them to call and see farm of this clever gentleman,

While in Clinton we saw the clever editor of THE CAUCASIAN, Bro. Butler. He is giving his time in an intelligent way to the advancement of Clinton, and the citizens should give him strength to continue the work so ably begun. We know that the influence of THE CAUCASIAN is being felt abroad, and by the proper encouragement much good will follow his efforts.

Our visit was a pleasant one. We have a tender place in our heart for Clinton, as the merchants have ever been kind and full of genuine encouragement not only to ourselves individually, but to the city of Wilmington in whose enterprise we are ever solicitious, and whose claims we ever champion.

[Goldsboro has issued a call for a convention to elect delegates to the State convention to be held in Clinton.—ED.]

Read circular No. 1, sent out to Sub-Alliances by the Executive Committee Fund. Let each member act—and talk.

HONEYCUTT'S ALLIANCE, NO. 583.

Permit me to say a word about your paper, our county organ. We are always glad to receive it, and read the news from the different townships and see what the Farmers are doing generally. We recommend THE CAUCASIAN to all farmers as being the best paper we have ever read, being devoted entirely to the interests of this section of the State.

Our members are preparing for planting.

Please continue our subscriptions; we will see you at the county meeting and settle.

Yours Fraternally,
R. H. FANN, Secretary.

WHITE OAK.

White Oak, Alliance has sent $6.00 more to State Business Agency Fund.

SHADY GROVE.

The members of this alliance have secured guano through the State agent at 260 lbs lint cotton for a ton of guano—Last year we gave 350 lbs per ton.

NEW HOPE.

New Hope Alliance No. 866. is progressing finely. Only four out of thirty three members, expects to use guano. We hope they will see their error before it is too late, and decide not to become the servants of guano Trusts. C.

STRAW POND ALLIANCE No. 580.

Bro. Butler: I will give you a few items from Straw Pond Alliance. We have passed resolutions that we will use no guano this year unless we can get it through the alliance, that we buy our guano from the North Carolina Phospate Company that we elect a committee of 3 to meet the agent of the N. C. Phospate Co., at Mapel Grove the 1st day of March at 9 o'clock.

We have been some what interrupted in our alliance but now we have got everthing a little straight and everthing works smooth. We have 10 applications and 46 members, we are pleased to know that Brother Butler, our County President has promised to come to Straw Pond and make a public alliance speeach on the 24th of March 1889. We kindly invite ever body to come.

A True Tonic.

When you don't feel well and hardly know what ails you, give B. B. B. (Botanic Blood Balm) a trial. It is a fine tonic.

T. O. Callahan, Charlotte, N. C., writes: "B. B. B. is a fine tonic, and has done me great good."

L. W, Thompson, Damascus, Ga., writes: "I believe B. B. B, is the best blood purifier made. It has greatly improved my general health.'

Ad old gentleman writes: "B. B. gives me new life and new strength. If there is anything that will make an old man young it is B. B. B."

P. A. Shepherd, Norfolk, Va., August 10th, 1888, writes: "I depend on B. B. B, for the preservation of my health. I have had it in my family now nearly two years, and in all that time have not had to have a doctor."

Thos. Paulk, Alapana, Ga., writes: "I suffered terribly from dyspepsia. The use of B. B. B. has made me feel like a new man. I would not take a thousand dollars for the good it has done me."

W. M. Bheshire, Atlanta, Georgia, writes: "I had a long spell of Typhoid Fever, which at last seemed to settle in my right leg, which swelled up enormously. An uncer also appeared which discharged a cup ful of matter a day. I then gave B. B. B. a trial and it cured me."

We want our old subscribers to remain with us even more than we want new friends. Keep up your subscription to THE CAUCASIAN.

Give us 3,000 subscribers and we will give you a paper of which you will be more proud.

☞ Send in a statement of the progress and improvements in your township immediately! We intended to write up the county this week, but have heard from only four townships. It seems to us that every live ma inn the county would be interested in having his section properly represented. But we can't publish facts unless you forward them to us. Send in for next issue.

LOCALS.

—Easter falls this year on the 21st of April.

—The Legislature has incorporated the town of Ingold in this county.

—The Presbytery will be held in Clinton on the 10th, 11th, and 12th of April.

—Yesterday being Ash Wednesday, the first day of Lent, there was services in the Episcopal church.

—Rt. Rev. A. A. Watson, Bishop of the Diocese of East Carolina, will visit Clinton, on Sunday, the 24th instant, to administer the Rite of Confirmation.

—Do you like the improvement in THE CAUCASIAN? Then give us an evidence of it by renewing your subscription and getting your neighbors to subscribe.

—The readers of THE CAUCASIAN will be favored in a short time with a continued stoay by a Sampsonian, also the "March homeward by a Confederate Soldier."

—Every intelligent man should take some newspaper and if you take but one, should that not be THE CAUCASIAN? We are laboring for the advancement of this section and it is your duty as well as your interest to lend your aid to our paper.

Let every man who is interested in the prosperitp of the county come up and subscribe for at least one share of stock in the Sampson Canning Factorp. It is such enterprises that we need, and our prosperity will never be greater till till we put them in operation.

—There will be services during Lent, in the Episcopal church on Friday of each week at 5 P. M. Persons unacquainted with the use of the Prayer Book will find in attending service at the Episcopal church pamphlets printed for their use in which the special service for the day is continuous.

—We are sorry to state that Dr. Marable has been so unwell, and not able to reduce his lecture on "Character" to writing for this week's paper. The Y. M. C. A. here should have this lecture printed in pamphlet form to be studied by its members and also for distribution. More good could be done in this way than in fifty of the ordinary meetings.

—Rev. Mr. Jerome preached at the Presbyterian church last Sabbath from the text: "For what shall it profit a man if he gain the whole world and lose his own soul?" which is found in the 8th chapter, 36th verse of Mark. In the course of his discourse he illustrated how many men every day, despite this divine warning, were sacrificing their souls, not for the whole world but for a very small portion of it. We congratulate the Clinton circuit upon securing the services of Mr. Jerome, and feel sure that the longer he stays with us the more he will grow in the affections of the people.

Personals.

Mr. C. M. Hobbs was in Wilmington Tuesday on business.

Mr. William Exum of the Durham Bar attended his brother's marriage to Miss Royal, of this county, last week.

We neglected to say in last week's paper that Mr. John A. Oates, Jr., has gone to Wake Forest College as a student. He has just closed a school in Mingo township and his patrons speak in the highest terms of him as a teacher.

Mr. French McQueen, who has been located here buying cotton during the season just closed, has returned to Wilmington. We are pleased to know that he became very much attached uo our town and people. He says that never before has he found so much genuine courtesy and wholesouled hospitality as among the people of our pretty little town. But this is the verdict of all who stay in Clinton long enough to know its charming people.

HEALTH IN SAMPSON.

The general sanitary condition of the county is good. Have had a few cases of pneumonia and one of typhoid fever. I hear of a few cases of measles in the Western portion of the county. There has been an epidemic of hog cholera. The sanitary condition of our jail is as good as can be had until another is built. Our poor house is well kept and is an object of pride for our people.—Dr. J. A. Stevens in the N. C. Bulletin of Health.

LITTLE COHARIE.

Hayne Academy is still booming and has 47 pupils enrolled. It has also organized a reading circle which meets every Monday night.

The stockade near Hives on the C, F. & Y. V. extension on the night of the 21st ult., was mashed in by the snow. No one was hurt, but all the convicts were temporarily buried.

Our young merchant is preparing to start for Georgia where he expects to start a new business.

Mr. James Sikes, of Ora, has accepted a position as salesman with Mr. J. M. Sessoms at Owenville.

We think that the railroad officials would act wisely to locate a depot at Owenville.

The matrimonial market has been very dull in this section for the past year or two, but it looks very prosperous for the nigh future.

PLUG.

TURKEY.

Mr. Albert Daniel went home one night last week and noticing that the mail had been brought from the office and placed upon the table, told an old ngro woman who is one of his servants to hand him a news paper. She picked up one and offered it to him, but he said "no, hand me first the other paper, THE CAUCASIAN. The old woman picked it up and noticing the dull print, said, "Boss, dat man is about out of dye, aint he? [Mr. Daniel can tell the old "auntie" that we have a new supply of dye and are alright this week. —Editor.]

Mrs. L. K. Taylor, of Franklin, and Miss Lou Faison, of Duplin, have been visiting friends and relatives in this section for the past week.

Miss Hettie Watson's school at New Hope Academy closed Saturday.

We are glad to know that the farmers of this section will buy very little guano this season. If we will practice economy and make our own "hog and hominy," the day will soon come when the cry of hard times will no longer be heard in the land.

Misses Irene aed Josie Carroll were home on a short visit lost Saturday. They are highly pleased with the school at Harrell's Store.

We are glad to state that the young Duplinite who had some experience with a hat pin in this vicinity not long since has fully recovered from the shock that he sustained.

MINGO.

We have received an article from Mr. N. A. Layton on the depedations of hawks, but we haven't room for it this week.

Mr. N. B. Warren fell from a cart, breaking his arm and dislocating his shoulder, last week.

Mrs. Martha Strickland, Mrs. Mary Ayer and Mr. J. J. Ayer, of Virginia, are visiting at Mr. Elbert Strickland's.

Died: Mr. Wm. A. Jackson, on the 27th ult, at an advanced age.

DISMAL.

Clement Model School numbers 40 pupils. Messrs. J. G. Smith and S. D. Lee, of Johnston coeunty, visited the school last Monday. Capt. J. L. Autry and Mr. A. J. Matthis joined Clement LIterary Society last Friday night and took an active part in the discussion of the query: Which has the greater influence, intoxicating drink or woman?

We will soon have a mail route through this township with Wade and Huntley as termini. There will be three offices along the route, viz., Purdom, Clement, and McMillan's with Messrs. D. W. Williams, A. E. Royal and D. T. R. McMillan as post masters respectively.

LISBON.

Mr. Charles Sikes, an aged and respected citizen of this township, died at his home near Clear Run on the 26th ultimo.

Miss Ada Robinson left last week on a visit to friends in Brunswick.

Miss Hattie Curant who has been visiting her sister, Mrs. R. B. Robinson, has returned to her home in Brunswick.

Mr. and Mrs. R. B. Robinson are visiting relatives in Brunswick.

Miss Pattie Foote who has been visiting her sister, Mrs. D. L. Herring, has returned home.

There will be an oyster supper and mum Festival at Ingold on Friday night, the 15th inst., for the benefit of Lisbon Church. The public are cordially invited to attend. Supper will be served by a committee of young ladies for 25 cents. [We are invited and hope to be there if we have a spare quarter.—Editor.]

WESTBROOKS.

Married: at the residence of the bride's father, Mr. R. S. Westbrook, on the 24th ult., Miss Arretta Westbrook to Mr. Y. J. Lee, of Johnston county. [Miss Arretta was one of our most pleasnt pupils at Salem High School a few sessions ago and we congratulate Mr. Lee on his good fortune and bespeak for the young couple a life of wedded happiness.—Editor.]

The school at Maple Grove, taught by Mr. J. F. Jackson, closed on the 26th ult.

The farmers of this section are preparing for another cotton crop, but would it not be better to plant less cotton and more corn.

SOUTH CLINTON.

A write-up of South Clinton by Pedro is crowded out this week.

Two little boys of George Tatum, aged respectively one and two years, were playing about the fire last Wednesday while their parents were away when the older one was so badly burned that he died Thursday following. The younger one was badly burned about the feet.

HONEYCUTTS.

An oyster supper was given at the residence of Mr. W. L. White on last Saturday night for the benefit of Salem Baptist Church. It was a most pleasant affair and a decided success financially.

"Snap" sends in a very philosophical artscle this week. Sorry our limited space cannot spare it room. —[EDITOR.

FRANKLIN.

Farmers in this section are, as yet, doing but little on their farms on account of so much rain; but when they start to work, it will be done, for this section has "working" men in it.

Miss Eliza Faison has returned from a visit in Duplin to her uncle, Mr. Robert Fennell. Also Mr. Jno. M. Faison, has returned from teaching school in Duplin.

We stood at the open grave of our friend, Mr. Chas. M. Sikes last Wednesday. His funeral was preached by Elder R, C. Sandling, to a crowd of friends of the deceased.

CANNING FACTORY.

Subscription Books Opened for Stock to be Subscribed.

The Clinton Truckers' Association met in the courthouse Monday night. The proposed Canning Factory was the prominent feature of the meeting. The report of the committee appointed to prepare a plan for raising the capital stock and putting the industry on foot was read and adopted. The outlook for such an industry at this place was fully discussed by Messrs. A. F. Johnson, J. A. Ferrell, F. R. Cooper and others.

Messrs. W. B. Stewart, J. A. Ferrell, and J. A. Oates were appointed as a committee to open subscription books for parties desiring to subscribe stock. In the mean time Messrs. W. A. Johnson, J. A. Ferrell, F. R. Cooper and W. G. Rackley as a committee will further investigate the cost and probable profits of every feature of the enterprise. Six new members were received—adjourned to meet next Monday night.

Goshen Items.

The death of Mr. James Sutton has cast a gloom over this entire community. The funeral services were conducted by Rev. Mr. Jerome who seems to be making a fine impression upon this people. We are pleased to see Mr W. R. Sutton Sr. out of his room where he has been closely confined for six weeks suffering untold agonies with a carbunble.

Sometime ago we were alarmed while engaged in the busy hum drum routine of school work by fire. When we realized our real situation we found that the roof above us was fast giving itself to ashes. Had it not been for the assistance of Jimmie, Robbie, Lonnie, Willie and half dozen other, and last but not least a ladder which was leaning against the commodious building it would soon has been a mass of ruin. You who have not a ladder to use in case of fire, listen, make one at your earliest convenience.

Prof. J. T. Prince of May N. C., but more recently of Columbia S. C. has been for the past six weeks teaching Penmanship in our school.

We are pleased with his instruction. Our school will close on the 8th with public exercises during the day which will be completed at night after which there will be an address by the editor of THE CAUCASIAN (Prof. Butler.) Come and hear him. A.M.B.

HARRISON'S CABINET.

At Last Made Known and Confirmed.

President Harrison, Tuesday, sent to the Senate for confirmation the following nominations: Secretary of State, James G. Blaine, of Maine; Secretary of the Treasury, William Windom, of Minnesota; Secretary of War, Redfield Proctor, of Vermont; Secretary of the Navy, Benjamin F. Tracy, of New York; Secretary of the Interior, John W. Noble, of Missouri; Postmaster General, John Wannamaker, of Pennsylvania; Attorney General, W. H. H. Miller, of Indiana; Secretary of Agriculture, Jeremiah Rusk, of Wisconsin. The nominations were confirmed in a ten minutes session of the Senate.

Congress will probably stay in special session two weeks to confirm the remainder of the nominations to be made by the President.

TRUCKERS!

HAVE YOU ORGANIZED?

Will It Not Pay You?

Do Your Crops Bring You What They Should?

REMEMBER, "IN UNITY THERE IS STRENGTH."

LET US HELP EACH OTHER!

Read again the following circular addressed to you and then act accordingly for your benefit and for ours:

TO THE TRUCKERS OF NORTH CAROLINA—GREETING:

CLINTON, N. C., Feb. 17th, 1889.

On January 31st the Truckers in and around Clinton, N. C., met in the Courthouse in this place and organized a TRUCKER'S ASSOCIATION. We are sure that such Associations in every trucking section would be of considerable local benefit, and if all the sections would combine and form a State Trucker's Association that we all would enjoy a double benefit. The advantages to be derived from such an organization with a central bureau of correspondence, are threefold:

1st. We could be informed as to the reliability of consignees to whom shipments were made.

2nd. We could advantageously diversify the trucking crops by knowing what other sections were planting, and also be informed as to the prospective market for the various crops.

3rd. We could ship so as to realize a better profit by knowing to what points on a certain day other places were shipping.

Through the want of such information and a system of operation, fully one half of the trucking crop is lost or sacrificed each year.

Believing that all other sections have experienced the same disadvantages, and that all truckers will readily co-operate with us in any feasible plan for the remedying of these evils, we earnestly solicit the truckers in other sections to form at once similar organizations and to correspond with us to that effect, naming a time and place for a meeting of the delegates from the various Sub-Associations for the purpose of organizing a State Trucker's Association.

We take this opportunity of nominating Clinton as the place, and April the 6th and 7th as the time for the meeting of said delegates. If this meets with the approval of other sections, we will secure reduced railroad rates and entertain the delegates free of charge. However, if another place is preferred, Clinton will gracefully give way and meet the delegates at any other point.

Feeling sure that you will concur with us in the importance of and necessity for such an organization, and trusting that you will heartily co-operate with us in pushing the organization and securing through it the desired and much needed results,

We are Very Respectfully,

W. L. FAISON,
W. B. STEWART,
MARION BUTLER,

Twelve Pieces of Bone.

I had catarrh twenty-five years. Twelve pieces of bone, two of them over an inch long, came from my nose. My front teeth dropped out while perfectly sound, and my suffering need not be told. Two years ago I took four bottles of S. S. S. and I improved from the start. It made me well, and I have been well ever since. MRS. M. J. BOST.

Cured His Boy.

My little boy was cured of Scrofula by Swift's Specific, after he had taken a quantity of other medicines without the least improvement.

Fatal Poison.

For years I was afflicted with Poisoned Blood, which, it seemed, would result fatally, as nothing seemed to benefit me at all. At length I found myself in bed, a complete wreck. My body swollen out of proportion, covered with scales, and the pains and itching made life almost unendurable. The physician failed to do me any good, and I was about to give up in despair when I began taking Swift's Specific. This medicine has cured me sound and well, and nothing else did it but S. S. S.

Swift's Specific is entirely a vegetable medicine, and is the only medicine which has ever cured Blood Poison, Scrofular, Blood Humors and kindred diseases. Send for our books on Blood and Skin Diseases, mailed free.

Notice to County Alliance Executive Committee.

The members of the Executive Committee of Sampson County Farmers' Alliance are requested to meet in Clinton, SATURDAY, the 9th Instant. By order of
J. A. OATES, Chairman.

IN MEMORY.

The monster death has recently taken from us, Mr. SUTTON, Sr. The subject of this sketch had reached the ripe old age of three score and ten years; had been a consistant member of Goshen church for upwards of 50 years. In his death, Sampson county and especially the circle in which he moved sustain a great loss. An honored and high toned christian gentleman has passed away. He took the 1st part in establishing the Farmers' Alliance in his community, therefore we take this means of expressing our feelings of respects for the deceased Bro.

Resolved 1st. That in the death of Bro. Sutton we as a unit sustain the loss of one whom we regarded a model man a good neighbor an indulgent and most affectionate father.

Resolved 2nd. That we do sincerely implore the blessings upon the heart broken family from Him who has promised that the seed of right-our shall be comforted in the day of affliction.

Resolved 3rd. That these memories be recorded on the death record of this alliance and a copy of, the some be sent to bereaved family as the condolence of this branch of the Farmers Alliance.

Signed.

DANIEL KORNEGAY,
THOS. I. SUTTON,
A. M. BARBREY,

A RIPENED SHEAF.

On Monday, the 25th of February, in Lisbon township, Mrs. Rebecca Mann, relict of Enoch Vann, whom she survived about 41 years, passed from the cares of earth to the joys Heaven, having attained the ripe age of 90 years, lacking one month and a few days.

For sixty years previous to her death, she had been a faithful member of Mount Silead Baptist church, and while passing through the dark valley, she found that the hand which had guided her through life was of unfailing strength and a sure support.

She died full of peace and hope, and while yet upon the shores of time, visions of eternal splendor broke in floods of golden light from a city that hath foundations, a building not made with hands, eternal in the heavens.

She had seven children, four of whom, to wit: Mr. James Vann, of Fayetteville, Mr. Kedar Vann and Mrs. Elizabeth Boney, and Mrs. Margaret Boon, of Sampson county, survive her.

She had at her death 64 grandchildren, 190 great grand-children, and 10 great-great grand-children—in all 271 descendants.

Her life, though uneventful, was filled with constant deeds of charity and kindness which though little noted here, we may believe are duly entered in the ledgers of the sky.

RHEUMATISM AND NEURALGIA

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—so do their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

"Having been troubled with rheumatism at the knee and foot for five years, I was almost unable to get around, and was very often confined to my bed for weeks at a time. I used only one bottle of Paine's Celery Compound, and was perfectly cured. I can now jump around, and feel as lively as a boy." FRANK CAROLL, Eureka, Nevada.

$1.00. Six for $5.00. Druggists. Mammoth testimonial paper free.
WELLS, RICHARDSON & CO., Props., Burlington, Vt.

"Paine's Celery Compound has been a God-send to me. For the past two years I have suffered with neuralgia of the heart, doctor after doctor failing to cure me. I have now taken nearly four bottles of the Compound, and am free from the complaint. I feel very grateful to you." CHAS. H. LEWIS, Central Village, Ct.

Paine's Celery Compound

"I have been greatly afflicted with acute rheumatism, and could find no relief until I used Paine's Celery Compound. After using six bottles of this medicine I am now cured of rheumatic troubles." SAMUEL HUTCHINSON, So. Cornish, N. H.

Effects Lasting Cures.

Paine's Celery Compound has performed many other cures as marvelous as these,—copies of letters sent to any address. Pleasant to take, does not disturb, but aids digestion, and entirely vegetable; a child can take it. What's the use of suffering longer with rheumatism or neuralgia?

JAMES MEANS' $3 & $4 SHOES

"Competition is the Life of Trade," and if you have not seen our latest improved goods you cannot imagine how lively trade is, or how hard our competitors have to work to keep within sight of us. Ask your retailer for the James Means' $3 Shoe, or the James Means' $4 Shoe according to your needs.

Positively none genuine unless having our name and price stamped plainly on the soles. Your retailer will supply you with shoes so stamped if you insist upon his doing so; if you do not insist, some retailers will coax you into buying inferior shoes upon which they make a larger profit.

Such has been the recent progress in our branch of industry that we are now able to affirm that the James Means' $4 Shoe is in every respect equal to the shoes which only a few years ago were retailed at eight or ten dollars. If you will try on a pair you will be convinced that we do not exaggerate. Ours are the original $3 and $4 Shoes, and those who imitate our system of business are unable to compete with us in quality of factory products. In our lines we are the largest manufacturers in the United States.

Shoes from our celebrated factory are sold by wide-awake retailers in all parts of the country. We will place them easily within your reach in any State or Territory if you will invest one cent in a postal card and write to us.
